# The International Brokerage Event

During the Precision Fair on the 3<sup>rd</sup> of December  
Veldhoven, the Netherlands

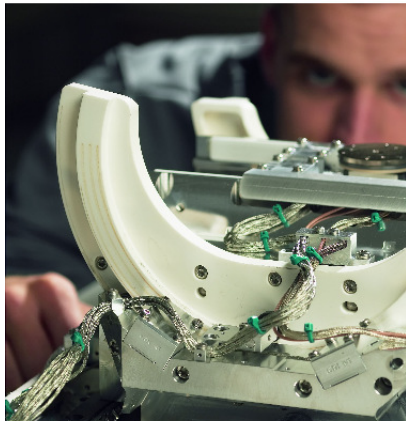

## Precision Fair 2009

The ninth edition of the Precision Fair, 2<sup>nd</sup> and 3<sup>rd</sup> of December, presents the latest innovations in the field of precision technology.

In 9 years the Precision Fair has grown into **the** meeting event on precision technology and has already acquired an international reputation. Therefore notable exhibitors and visitors not only from the Netherlands will be present.

Among others specific topics of this years edition will be micro system technology, control techniques, nanotechnology and high precision machinery. Furthermore "International market chances" is a central theme of the fair which will be supported by different lectures of national and international companies.

## Brokerage Event 2009

Parallel to the Precision Fair a brokerage event is held. The Enterprise Europe Network and Syntens invite you to participate in this event which takes place on the second day of the fair.

**The brokerage event** offers small and medium sized companies and research institutes the opportunity to meet potential business partners and to find promising cooperation possibilities Europe-wide

- by previous arranged one on one meetings
- with relevant companies of your choice, primarily from the Netherlands, Germany, Belgium and Luxembourg. Other European countries will be represented as well.

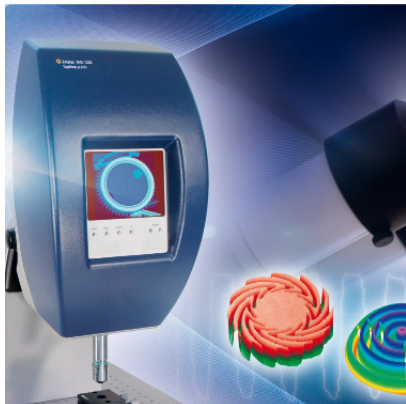

## The goal of the brokerage event at a glance:

- matching you to potential business partners
- finding relevant business partners for distributing your products or services in foreign countries, developing new products and applications
- discovering innovative solutions to technological problems
- identifying partners for research and development projects
- strengthening and supporting the international dialogue

## Registration

- For the brokerage event you can register at: *see the link below*
- submit your business profile

Link: [www.precisionfair.b2bmatchmaking.com](http://www.precisionfair.b2bmatchmaking.com)

- Your profile should contain a short company description and the company proposition, for instance an offer or a request in the fields of technology or engineering
- Next your profile will be published in the online catalogue of the brokerage event
- registered companies can select your profile and request an one on one meeting with you. Of course you have access to these profiles as well and can select and book a meeting with your partner of interest. All the requests will be forwarded to you, so you can select which parties you want to meet during the brokerage event.

## Information about the meetings

The individual meetings will take place on the 3<sup>rd</sup> of December, 2009 on the fairground in the congress centre Veldhoven.

The meetings will have a duration of approximately 30 minutes each.

## Deadlines

- Registration and submission of profiles until the 17<sup>th</sup> of November, 2009
- Booking of individual meetings until the 20<sup>th</sup> of November, 2009.
- Final schedule and confirmation until the 25<sup>th</sup> of November, 2009.

## Costs

Participation in the brokerage event is **free of charge**. The entrance to the Precision Fair is free of charge as well.
