

InnoBuildTech Brokerage Event – BUDMA, 20th of January 2010

Enterprise Europe Network (<http://een-centralpoland.eu>) at the Institute of Mechanized Construction and Rock Mining in cooperation with other EEN centers has a privilege to invite you for Brokerage Event organized during International Construction Trade Fair BUDMA 2010 (Poznań, Poland).

Brokerage Event is addressed to companies, research and development units, scientific institutes and organizations active in the area of construction, especially in following sectors:

- Modern Construction Materials
- Computer Science in Construction
- Construction Work and General Construction Advisement
- Monitoring and exploitation of construction objects
- Passive Housing

Form of meetings:

Bilateral meetings of representatives of Polish and foreign entities. The meetings are arranged in advance based on the technology offers and requests submitted earlier by participants.

Reasons to participate:

Brokerage Event during BUDMA 2010 is an ideal platform for:

- Market monitoring and knowledge gaining about the most modern technologies,
- Establishing valuably international and national connections,
- Identification of potential partners for European R&D projects
- Potential partners meetings, as well as customers interested in business cooperation,

Additionally the Organizers guaranty:

- Submission to the brokerage events catalog,
- Possibility of question insertion or technology offer submission in European Enterprise Network database
- Entrance cards on BUDMA 2010 Fair

Brokerage Event participation is free of charge
